

Mentoring Partner Agencies

Be A 6th Grade Mentor (BA6GM) is a collaborative project that could not work without the leadership and efforts of the BA6GM Partner Agencies. The Partner Agencies are responsible for matching mentors and mentees, providing on-going support to mentors and mentees, and generally overseeing the success of each match. The Partner Agencies work to provide exciting and engaging activities to promote the development of the mentoring relationship and the growth of the students. The Partner Agencies are the “go-to” people for any mentor concerns and/or needs.

The United Way is pleased to announce that these agencies are partners for the Be A 6th Grade Mentoring project:

Big Brothers and Big Sisters of Greater Pittsburgh
